

MAXDOOR Model MD

Manually Operated Vertical Lifting Fabric Door

Provide Long Lasting Door Solutions for the Toughest Industries!

MAXDOORS are designed for the toughest industrial environments.

The Model MD or Manual Door is design for those locations without power or for door openings that do not open and close frequently

Our simple design ensures minimum operation and maintenance costs.

Head Member and Side Jamb/Guides utilize common structural steel components which provide superior overall strength.

Horizontal beams manufactured from structural rectangle tubes provide the highest wind load resistance.

Experience dictates how every MAXDOOR is manufactured.

Size up to:

- 24' wide x 24' high

Strength:

- 88-mph or 20-psf wind load is standard. Higher wind load is available for any size door
- 4 inch thick door panel
- Side Jamb/Guides manufactured from structural steel
- Pre-assembled and ready for installation

Speed:

- Manually Operated Chain Hoist

Safety:

- Lifting belts with redundant lift belts
- Floor Level Manual Brake Release
- Guide Blocks designed to break away during impact
- Guides are free of any belts, cables or mechanical devices

MAXDOOR Model MD

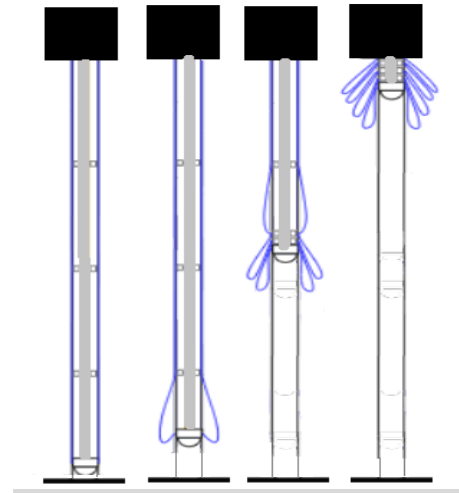

Manually Operated Vertical Lifting Fabric Door

Fabric Colors:

- Blue Green White
- Tan Black Red
- Grey Yellow Translucent

Options:

- Side or Front mounted Manual Operator
- Windows/Screens
- Insulated Fabric Curtain
- Sound Reduction Fabric
- Heat Resistant Fabric
- Low temperature Fabric
- Aluminum Guide Rails
- Impact resistant or flexible guide rails
- Counter Balance System
- Brush Weather seals

Space Requirements:

- Left & Right Side Room: 4 inches each
- Left & Right Guide Projection: 14 inches
- Head Member Height: 14 inches
- Head Member Projection: 20 inches
- All doors are manufactured for a clear height and width. No obstructions in the door opening. For instance, the total fabric and beam stack height required for a 20' tall MAXDOOR MD is 4' in addition to the clear opening height. Shorter doors require less stack height.
- All door sizes are manufactured for clear opening height and width
