

MAXDoor Crane Way Doors

MADE IN THE
USA

Vertical Lift Fabric Doors for Crane Openings

Provide Long Lasting Door Solutions for the Toughest Industries!

MAXDOORS are custom built for each application.

Our simple design ensures minimum operation and maintenance costs.

Head Member, Side Frames, and Door Guides utilize common structural steel components.

Horizontal Beams manufactured from structural Aluminum.

Horizontal beams are sized and spaced to provide the highest wind load resistance.

One or Two Motor Systems depending on door size.

Custom Door Controls for any application and environment.
